Lean Six Sigma Series

"Explore the Obvious"

This training focuses specifically on the principles and tools used in this universe of "Lean Manufacturing" as created by Mr. Toyoda and Mr. Ohno. This Lean Course, while originating in the manufacturing climate is not just for professionals in that industry. The tools and critical thinking can translate across industry lines.

This **3-4 day course equivalency** is designed to assist you in understanding how to drill deeper using Kaizens and small improvement initiatives that tell the story of your business case. Most important, you will be able to obtain solutions for sustainable success.
